

**23 March 2009**

## **New shopping centre opens at Carramar**

The range of convenient services available at Carramar Golf Course Estate has expanded exponentially with the opening of the Carramar Village shopping centre.

Residents can now enjoy shopping at the estate's own retail centre and access to medical and commercial services on their doorsteps at Carramar Village, which officially opened for trade on 22 March 2009.

Peet Limited Managing Director and CEO Brendan Gore said the Village was a welcome addition to Carramar Golf Course Estate's existing community facilities.

"Carramar Village not only provides additional services for the community but supports the value of resident's properties within this quality master-planned estate," he said.

Carramar Village includes a Woolworths supermarket, Bakers Delight, Caffisimo, Chooks, Chippies, Subway, pharmacy, newsagent, 24-hour fitness centre, hairdresser, florist, fast-food outlets and ATMs.

A fully equipped medical centre with six doctors, triage service and a small theatre for minor surgeries will soon be located in the centre.

For those visiting Carramar Village, there are more than 350 parking bays available to make the visit easy, as well as enjoyable.
